

Local Government

AE Group has worked on major national and local government funded projects – both for the Roads and Maritime Services in New South Wales and Transport and Main Roads in Queensland. We have also completed complex projects for the Brisbane and Gold Coast City Councils.

**Austrorads National
Prequalification for Civil
Construction, Road and Bridge
Contractors: R3, B2 and F20.**

ROAD AND PAVEMENT CONSTRUCTION

lighting, fencing)

Mechanically stabilised earth
construction and other substantial
retaining structures

Complex service relocation

Road furniture installation
including guardrails

Kerb and channel, footpaths,
driveways and crossovers both
sealed and unsealed

STRUCTURAL STEEL AND CONCRETING

Cast-in-situ reinforced concrete

Culvert and other
drainage structures

Spill through and rock protection
to drainage infrastructure

Fabricated overhead sign gantries

Precast / tilt up construction
including structural steel member
fabrication and erection

Superstructures with supported
pre-stressed concrete girders and
cast-in-situ composite decks

Supported voided slab
superstructures

Bridge and Rail concrete structures

Footings, slabs, piers, columns,
walls and pre-cast panels

Specialised concrete
and formwork

Driveways, footpaths
and crossovers

All surface finishes

BULK AND GENERAL EARTHWORKS

Clearing, grubbing, mulching,
demolition and removal

Borrow pit development including
material conditioning, crushing
and screening

GPS machine controlled
precision earthworks

Water retaining structure
construction

HDPE Membrane and natural

material water proofing installation

Specialised foundation treatment

Controlled fill and general
compaction to Level 1

General landscaping
including fencing

PLUMBING AND DRAINAGE

General stormwater drainage

Precast and cast-in-situ
manhole systems

Cross and longitudinal drainage

Stormwater quality control
device installation

Detention and retention systems

Trunk gravity and pressure
water mains

Water retaining structure and
construction including recycled
water systems

Concrete, uPVC, HPDE, Ductile
Iron, FRC, ABS and GRP Pipeline
construction
